

# \$LEDHAULERS\$

## STEALTH GLACIER SNOWMOBILE HAULERS

The Stealth Glacier provides snowmobile enthusiasts an affordable alternative to full-sized or open sled trailers. The low-profile Glacier is easy to tow, aerodynamic, lockable and protects valuable sleds from the elements in transit and in storage.

The Glacier series is available in both side-by-side and in-line configurations.

The 8.5' wide side-by-side models come in 12, 14, and 16-foot lengths. The 7-foot inline model is only available in the 16-foot length.

Glacier side-by-side models are 8.5 feet wide. All Glacier models have a full 64 inches of interior height.

The 16-foot long, 7-foot wide, inline model configuration is easy to tow.

# A CLOSER LOOK AT THE NEW GLACIER SLEDHAULER

Clean, attractive lines and aerodynamic shape of the side-by-side Glacier make for easy towing.

The standard interior of the Glacier side-by-side features tie-downs and a Drymax wood kick plate to protect the sidewalls when loading.

Standard, lockable access doors on both sides of the Glacier make fueling and equipment storage easy

This 14-foot side-by-side model shown here has twin axles, aluminum wheels and Flo-thru vents.

Traction mats are standard on the 7-foot wide models. Traction mats protect the floor and sleds.

Shown here with standard spare tire, this standard interior configuration in the 7-wide is easier to tow behind smaller vehicles.

## OPTIONAL EQUIPMENT

- .030" Exterior Metal w/Screwed Seams

### THREE YEAR LIMITED STRUCTURAL WARRANTY INITIAL RETAIL PURCHASER

Stealth Trailers warrants to the original owner that your trailer will be free from structural defects in materials and workmanship for period of 1 or 3 years from retail purchase providing all conditions have been met. The warranty obligation consists of and is limited to repairing and replacing any part, or parts, which in the opinion of the factory are defective under normal use during the 1 or 3 year period, starting at the date of retail purchase. See your Stealth Trailers dealer for more details.

### STEALTH TRAILERS NOTICE

Due to constant product improvements, and changes in specifications, component parts and standard/optional equipment, all Stealth Trailers products are subject to change without notice or obligation. Product photography or diagrams may show equipment that is optional. Stealth Trailers reserves the right to make changes in pricing and models and to discontinue models without notice or obligation. Components, parts or chassis may have been manufactured at times other than the model year indicated. All capacities are approximate and dimensions are nominal. All dry weights are based on standard models with basic features and do not include optional features or equipment. Various components and features may differ to conform to local codes. The individual manufacturers not Stealth Trailers warrant appliances and other components.
